

First Annual (2006) NECC Blue Fishing Trip

On Saturday, August 12th at 3 P.M. we set sail out of Barnegat Light, NJ on the “Mary-M III, for an evening of cruising the Atlantic Ocean and hunting for blue fish. At about 5:30 P.M., Captain Sam Rescigno found the spot he was seeking and we dropped anchor. It wasn’t long before we realized he’d picked a great spot!

Preparing the rigs...

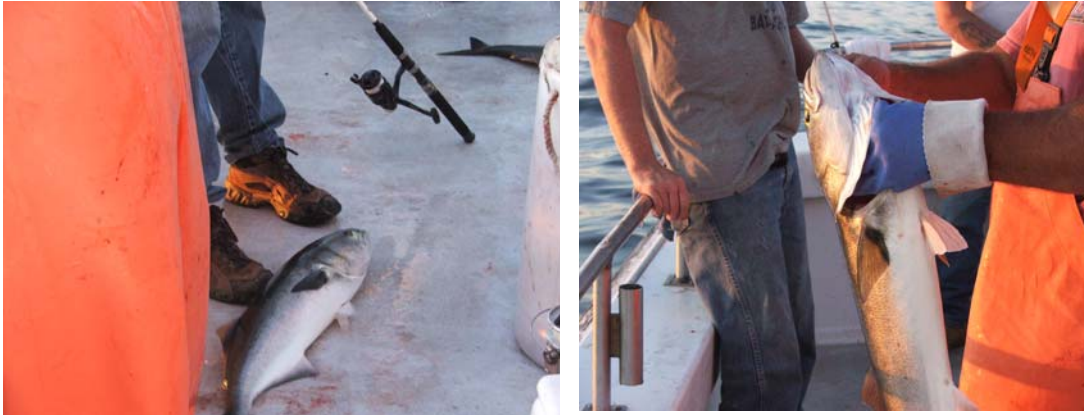

First strike...

In the boat...

In the boat...

A beautiful evening...

The crew...

Over 60 blue fish were caught, each weighing over 10 pounds.
We hope that you'll join us in the Summer of 2007 for our next trip.
